

Recorders

Lesson 11

Children were having recorder lessons in school once a week. To keep them going, Mrs Accili has created a short series of films that they can watch and join in with.

All you need to do is click on the link below and the lesson will appear. Before you start watching, get the instrument ready, ask your child to play a few notes and you are ready to go!

Don't forget, you can use the films more than once – in fact, the more the better.

If you don't have your recorder, below is a link to a video which Mrs Accili has created with musical activities you could do. Please have a go - you may even want to do this with the whole family.

During school closure DPA are offering online lessons for existing students that we teach individually or in small groups, [click here](#) to enrol for these lessons.

DPA have also created a [YouTube](#) channel where you can find all sorts of videos that staff have made for children. There are songs to sing for young children through to detailed master classes for advanced students.
