

Year 5 Clarinet

Lesson 1

Mrs Gullick has put together a series of short films that you may wish to share with the Year 5 classes that were learning the Clarinet in our whole class sessions.

Your child was having a Clarinet lesson in school once a week. Although they are not able to play the instrument as it is in school, there are still things they can do to help get better at music.

Below is a link to a short introduction from Mrs Gullick and under that some other links to musical activities that they can do. Please have a go, encourage your child to join in – you may even want to do this with the whole family.

A short video message from Mrs Gullick:

During school closure DPA are offering online lessons for existing students that we teach individually or in small groups, [click here](#) to enrol for these lessons.

DPA have also created a [YouTube](#) channel where you can find all sorts of videos that staff have made for children. There are songs to sing for young children through to detailed master classes for advanced students.
